# Event and Organisation Rules

## 1.1 Preamble and Basic Principles

The Event and organization Rules (EOR) of the International Kurash Association (IKA) in conjunction with the statutes, finance rules, contract with the relevant National Kurash Federation (hereafter referred to as National Federation) and the IKA Event organization Guide (EOG), are the binding documents for the holding of the events of the IKA throughout the world. ALL events need Approval by the IKA or Continental Union by 31<sup>st</sup> December each year for the new calendar year which follows.

Specific supplemental procedures shall be issued for the holding of Kurash competitions at the Asian Games and/or Continental Games.

The IKA shall allocate events to host organizing committees. The organisation of any world championships is the concern of the following bodies: the IKA, the Continental Union to which the organizing National Federation belongs and the National Federation, which has been commissioned by the IKA Directing Committee to be the host. The Continental Union is consulted in any questions and supports both the IKA and the National Federation. The National Federation shall name an Organizing Committee to deal with the organization of the event.

The IKA shall accept control of ANY Tournament / championships or even regional Kurash competitions whenever this is so directed by the IKA. This requires adherence to the above rules and documents. In such Kurash competitions refereeing and technical organization shall be dealt with by the Continental Union or regional body, and supervised by the officials nominated by the IKA. Any cancellation or change of dates or country shall get approval from the IKA.

NF cancelling events which are already in the calendar without reasonable excuse (2 months before date) shall face Disciplinary Action against them, and the IKA may stop them to host championships in the future.

### 1.1.1 Behavior at the IKA Events

Everyone attending the IKA event shall always be mindful of their behavior, following the Kurash rules and values. Unacceptable behavior, violence or aggression shall not be tolerated. Any athlete who disrespects their opponent at the end of the contest risks disqualification, removal of Medal or prize money and of WRL points and a disciplinary action may be initiated in accordance with the IKA Ethics and Disciplinary Code.

## 1.2 Clean Kurash

Integrity, discipline, and ethics are core principles in Kurash, both on and off the field of play, refer to the IKA Ethics and Disciplinary Code.

Further information on the International Olympic Committee (IOC) Code of Ethics can be found in this document "Olympic Movement Code on the Prevention of the Manipulation of Competitions".

Betting companies and organizations responsible for betting cannot be used on any advertising and marketing materials used on the IKA Events.

## 1.2.1 Disciplinary Commission

The IKA Directing Committee has the authority to establish a Disciplinary Commission to evaluate presumed violation of the IKA rules and it reserves the right to take disciplinary measures in the case of cheating, misconduct and any behavior contrary to the ethics and moral values of sport, and any violation of the IKA EOR.

The IKA Disciplinary Commission shall take sanctions in compliance with the IKA Ethics and Disciplinary Code. If during the IKA event, starting from the arrival (normally airport or train station) at the event and until the departure from the event, there is any incident, an immediate decision to suspend anyone involved may be taken on the spot according to the IKA Ethics and Disciplinary Code. This decision shall be placed under the responsibility of General Secretary and/or Technical Director or IKA Directing Committee member in case such a member is nominated before each event by the IKA President, who shall form an IKA Ad Hoc Commission to deal with the issue. The IKA Ad Hoc Commission shall consist of IKA Directing Committee members or their representatives.

Any incident shall be communicated immediately to the IKA President, IKA Directing Committee members and the IKA Disciplinary Commission. A possible sanction decision shall be taken after having heard the person/people concerned and any potential witness(es). If the concerned person is a minor, an adult responsible for the delegation shall accompany them during the discussion. As soon as the decision is taken, the IKA Ad Hoc Commission shall immediately inform the IKA President, the IKA Directing Committee and the IKA Disciplinary Commission about its decision.

A report of the incident and final decision shall be sent to the IKA Disciplinary Commission, c/o the IKA General Secretary, within three days of the date of the incident. The report shall state the following: the facts, including the recall of the alleged facts, a summary of the observations and arguments of the parties, the grounds for the decision and any other comments.

The IKA Disciplinary Commission, upon receipt of the documents, shall inform those involved about its decision 15 days after the date of the incident. The IKA Disciplinary Commission shall decide the start date and the duration of the suspension.

# Event and Organisation Rules

If an individual disagrees with a decision, a written appeal may be submitted to the IKA Disciplinary Commission, c/o the IKA General Secretary, within one calendar month from the incident date. In the case of suspension, the decision shall stand until the outcome of the appeal is heard.

## 1.2.2 Match Fixing and Competition Manipulation

The integrity of sport depends on the outcome of sporting events and competitions being based entirely on the merits of the participants involved. Any form of corruption that might undermine public confidence in the integrity of a Kurash contest is fundamentally contrary to the spirit of sport and subject to severe sanctions.

The IKA has rules dedicated to sports integrity in relation to betting. There are four core rules to remember:

- Always do your best, never fix a contest.
- Never bet on your competition, never bet on your sport.
- Never share information that could be used for betting purposes, or any form of manipulation of sports competitions or any other corrupt purposes whether by the participant or via another person and/or entity.
- If you are approached to cheat, speak out!

Competition manipulation is defined as an intentional arrangement, act or commission aimed at an improper alteration of the result or the course of a sports competition to remove all or part of the unpredictable nature of the sports competition with a view to obtaining an undue benefit for oneself or for others. If a contest takes place and seems to have been played to a predetermined result, violating the IKA rules, further investigation may be undertaken, and any findings of match fixing shall result in disciplinary action according to the IKA Ethics and Disciplinary Code.

If in the IKA events (individual or team), an athlete is injured or ill before a contest and needs to withdraw they shall have a medical certificate, and shall inform the IKA Technical Director or the IKA Sports Director.

The IKA may undertake further investigation, and any findings of match fixing shall result in disciplinary action. The result of the contest shall be cancelled if any athlete is caught not telling the truth.

Match fixing and competition manipulation can be reported, anonymously and confidentially. Any report made in good faith shall not be sanctioned. Any form of retaliation against whistle-blowers is prohibited and such action shall be sanctioned.

Failure to report to the International Kurash Association (IKA) at the first available opportunity any information about betting, match fixing or competition manipulation including that could amount to a violation of the EOR.

The following conducts constitute a violation of the EOR:

- Failing to cooperate with any investigation carried out by the IKA in relation to a possible breach of this regulation, including, without limitation, failing to provide accurately, completely and without undue delay any information and/

# Event and Organisation Rules

or documentation and/or access or assistance requested by the IKA as part of such investigation;

- Obstructing or delaying any investigation that may be carried out by the IKA in relation to a possible violation of this regulation, including without limitation concealing, tampering with, or destroying any documentation or other information that may be relevant to the investigation.

## 1.2.2 Policy for Safeguarding Athletes and Other Participants from Harassment and Abuse

This policy applies to all persons affiliated with the IKA including athletes and can be found here:

<https://olympics.com/athlete365/courses/safeguarding/>

“Harassment” or “harassment and abuse” includes physical or psychological abuse and sexual abuse (which can be a form of physical and/or psychological abuse).

“Physical or psychological abuse” means any improper and unwelcome conduct that might reasonably be expected or be perceived to cause offence, harm, or humiliation to another.

Harassment can be based on any grounds such as race, religion, colour, creed, ethnic origin, physical attributes, gender, or sexual orientation. It can include a one-off incident or a series of incidents. It may be in person or online. Harassment may be deliberate, unsolicited and coercive. Harassment and abuse often result from an abuse of authority, meaning the improper use of a position of influence, power or authority by an individual against another person.

Cases of harassment and abuse can be reported on the Clean Kurash platform and shall be investigated by the IKA Disciplinary Commission in compliance with the IKA Disciplinary Code (Appendix G).

Any alleged incidents of harassment and abuse shall be regarded as confidential and personal information (including name, date of birth, address, identification numbers) shall not be disclosed, except, for example, if the concerned person gives his prior consent, if disclosure is necessary to protect someone from harm or if a potential criminal act comes to the attention of the IKA.

Harassment and abuse can be reported, anonymously and confidentially .

## 1.3 Insurance and Civil Liability

Each National Federation is directly responsible for its athletes (including the control of non-pregnancy). It shall assume all responsibility for accident and health insurance as well as civil liabilities during all the IKA events for everyone under their charge.

National Federations are responsible to provide insurance guarantees to their delegates during any IKA event. The LOC of the event and the IKA shall not be responsible in the absence of any kind of insurance.

The entity contractually bound to the IKA for the organisation of the event shall take all necessary actions to provide insurance coverage against civil liability for the entire duration, including disabilities and death incurred. The LOC of the event and the IKA have no liability for any claims of injury, illness or death arising from the travelling to and the participation in this event.

## 1.4 Gender Control

Control of an athlete's gender is the responsibility of the National Federation. The IKA shall apply the current IOC recommendation. Any decisions of a member National Federation concerning an athlete's gender shall be communicated immediately to the IKA President.

Any official complaint by a National Federation, a Continental Union, or a member of the IKA Directing Committee concerning an athlete's gender shall be sent to the IKA President. Based on the official complaint, the IKA Directing Committee shall decide if it is necessary to follow up on this complaint and to bring it before the Gender Control Commission. The IKA Directing Committee can also call out to the member National Federation of the athlete concerned so that they decide on the gender of the athlete concerned.

The Gender Control Commission is composed of a doctor competent in the field of gender reassignment, a jurist, and a member of the IKA Directing Committee appointed by the IKA President.

This Commission shall be able to call on experts recognised in this field.

All decisions made by a member National Federation about an athlete's gender shall be submitted exclusively by the athlete concerned to the IKA Gender Control Commission in the case of contestation.

The IKA Gender Control Commission shall have the full authority to ask all those concerned for any documents or information necessary for the hearing of the case which has been referred. The IKA Gender Control Commission shall establish an internal regulation to define the progress of the procedure that shall guarantee the confidentiality of the procedure and respect data protection and the private lives of those concerned.

The decision of the IKA Directing Committee not to follow up on an official complaint, as well as the decisions of the IKA Gender Control Commission, can be submitted exclusively by way of appeal to the Court of Arbitration for Sport in

# Event and Organisation Rules

Lausanne, Switzerland which shall decide on litigation according to the code of arbitration concerning the sport.

The period of appeal is twenty-one days from receipt of the decision being the subject of the appeal. The panel shall be composed of only one judge. The language of the arbitration shall be English.

Persons appointed by the Directing Committee of the IKA shall verify the citizenship of the athletes. The evidence of citizenship shall be the production of a valid passport issued by the represented country.

In the following cases, procedures shall be applied:

**8.2** Where the competitions are being held in a country in which the residents do not hold passports while in that country (proof of national ID card with photo is necessary).

**8.2** Where there is a possible problem of “joint citizenship”, an acceptable substitute for the passport shall be a letter or certificate from the athlete’s National Olympic Committee (NOC) or, if there is no such body, from the National Sports Authority confirming the athlete’s residence in that country and the citizenship.

If an athlete has multiple citizenships, they may compete for only one country.

## 1.7.1 Change of Athlete Nationality

- All competitions in the IKA calendar except club championships\*

and who has changed his nationality or acquired a new nationality may represent this new country provided that at least three years have passed since the athlete last represented his former country.

If the two (2) National Federations (current country and new country) concerned agree, they may request the IKA to shorten the period of three years or even to cancel the duration completely. Thus, the IKA can't shorten the three years' period without written agreement from both National Federations concerned and the athlete having a valid passport for the new country.

### 1.7.1.1 Change of Athlete Nationality for a Period of Less than Three Years

An athlete cannot represent a new National Federation without the approval of the IKA.

The request to shorten the three-year period shall be sent via email by the National Federation (the new country) to the IKA General Secretariat ([info@kurash-ika.org](mailto:info@kurash-ika.org)) and shall include the following documents:

On receipt of a complete file the IKA General Secretary shall examine it and send it out to the IKA Directing Committee for approval. If the majority of the IKA Directing Committee approves the request, the IKA General Secretary confirms the acceptance of the application to the concerned party. Any athlete disrespecting this rule may be subject to disciplinary measures.

## 1.7.1.2 Change of Athlete Nationality after a Period of Three Years or Longer

## 2.5 Competition Systems

The IKA recognises men's and women's competitions. Contests between men and women are not permitted.

There are many different competition elimination bracket systems. In Kurash only knockout system (direct knockout) is used. Gold, silver and two (2) bronze medals shall be awarded except in the case of low numbers.

For all events where world ranking points can be given, a uniform system shall be used. On the draw sheet the athlete/team on top wears a Blue Yakhtak and the one below wears a Green Yakhtak.

### 2.5.1 Direct Knockout

This is a direct elimination format without a repechage. The losers of the semi-finals shall both be awarded bronze medals. The winners of the semi-finals shall compete for the gold and silver medals. The four athletes losing the quarter-finals are classified equal fifth.

### 2.5.2 Round Robin (5 Athletes or below)

A round robin system may be used, and this is defined as a system where each athlete shall compete against the other.

The following Round Robin rules to define the winners are used:

**Rule 1.** Number of wins.

**Rule 2.** If there are an equal number of wins, the sum of points for scores: Khalol/2 Yonbosh-Khalol = 10, Yonbosh = 7. Chala =3 (not accumulating) All scores achieved shall be counted for both the winner and loser for each contest in the category. An athlete can get a maximum of 10 points per contest. Points are same regardless of if they are achieved in the regular contest time.

**Rule 3.** Direct comparison: if two (2) athletes have an equal number of wins and sum of points for scores, the athlete who won the contest between them is defined as better.

**Rule 4.** If there are an equal number of wins and no direct comparison possible because of "beating in circle": the shortest accumulated time of all winning contests shall decide.

**Rule 5.** If there is a case of equal time: weight at the official weigh-in. The athlete with the lower weight is defined as better.

If there are 3 or 4 athletes and one athlete loses all fights, he/she shall not receive a medal.

## 2.6 Event Outlines

The minimum reservation for a delegation is two (2) nights multiplied by the total number of people registered. The referee nominated by the IKA is not included in this calculation.

Examples:

- 4 people registered (no referee) =  $4 \times 2$  nights = 8 nights or more shall be reserved.
- 17 people registered (including 1 referee) =  $(17-1) \times 2 = 32$  nights or more shall be reserved.

This rule does not apply to the host National Federation delegates.

# Event and Organisation Rules

The LOC shall do their best to provide the first choice of accommodation but as rooms might be limited this cannot be guaranteed.

After the accommodation deadline, the LOC cannot promise rooms in the hotels detailed in the outlines and another official hotel may be added. Accommodation cancellation fees shall be detailed in the event outlines.

Any damage to hotel property resulting from the stay of a national delegation shall be charged to the national federation and shall be paid in full.

Delegations are kindly requested not to dry clothing (including Yakhtak) or have training sessions in the corridors of the official hotels.

According to the IKA rule, "the organising country shall not request penalties fee for participating countries who cannot make bank transfers but can pay in cash upon arrival. Those countries who cannot make bank transfers shall inform the LOC well in advance that they shall pay cash on arrival".

All bank fees and bank transfer costs shall be paid by the participating National Federation. If payment is being made by bank transfer, the bank information shall be inserted correctly and completely on the transfer document and any procedures related to amendment of the bank transfer shall be done before arrival.

The name and date of birth of each delegate shall match that of their passport.

The President of a National Federation cannot act as a coach or referee during events organised by the IKA.

The normal number of entries, is one per weight category. If two or more athletes from the same country are registered in the same weight category, a preliminary qualifying match shall be conducted among them, and the winner will move forward to the main Pool.

Moreover, in such cases as Special Prize Fund tournaments where we witness a large number of athletes from one country and a few from other countries, one side of the pool will be the host athletes and the other side will be the foreign athletes.

Official deadlines shall be respected. Late entries, may not get discount price for the hotel, or visa.

In order to get accreditations one team delegate shall stay at one of the official hotels in the Regulations sent.

## 4.3 Accreditation

The purpose of accreditation is to identify people and their roles at events and allow them necessary access to perform their roles in different zones.

At least one team delegate shall attend on time to confirm the entries of all athletes and officials with a signature on the delegation confirmation list. In case of unforeseen delay of arrival or cancellation, the National Federation shall immediately contact the LOC.

For each official team member from a national delegation (athletes, coach, team official, doctor etc.) an accreditation card is issued by the IKA during accreditation.

A delegate shall never wear another delegate's accreditation card. The accreditation card remains the property of the IKA and can be withdrawn, with immediate effect, at the IKA's sole discretion.

The accreditation card is valid for the duration of the competition and is the personal identity document of the delegate for all security and access controls. This card contains: last (family) name, first (given) name, country, IKA ID number, a picture and, for athletes, their weight category (and WRL position after 2022).

At World Championships and whenever it is necessary to verify the age and/or nationality of an athlete, a member of the IKA Sport Commission or its representative shall check the passport or national identity card (a high-quality photocopy or scan shall also be accepted).

Quota for officials for accreditations (includes team officials, coaches, doctors, and physiotherapists):

For the World Championships, Continental Championships, Continental Games and Cadets and Juniors Continental Cups up to a maximum of the top eight (8) athletes among the entered athletes in each weight category shall be seeded based on their IKA WRL position.

For the rest of the draw separation by nations shall be respected. In a category, seeding position has the priority over nationality division of the athletes. This means that athletes of the same country may end up in the same pool because of their seeding position or because there is no other possible position for them due to the ranking of the other athletes. This case applies to all ages except senior championships, where one member is present from each county in the main pool.

**In theory, seeding shall separate the strongest athletes in each category, so that they meet at a later stage.**

For example, the best two (2) athletes shall not meet until the final and the top four until the semi-final and the top eight (8) until the quarter-finals.

Where athletes/teams have the same ranking position, the draw system shall automatically do a pre-draw to define the athlete seeding position.

# Event and Organisation Rules

Seeding in elimination bracket (Knock out) system is set up to have the draw placing the:

- Number one (1) seed vs. the number eight (8) seed in Pool A.
- Number two (2) seed vs. the number seven (7) seed in Pool C.
- Number three (3) seed vs. the number six (6) seed in Pool D.
- Number four (4) seed vs. the number five (5) seed in Pool B.

(Please see the chart below)

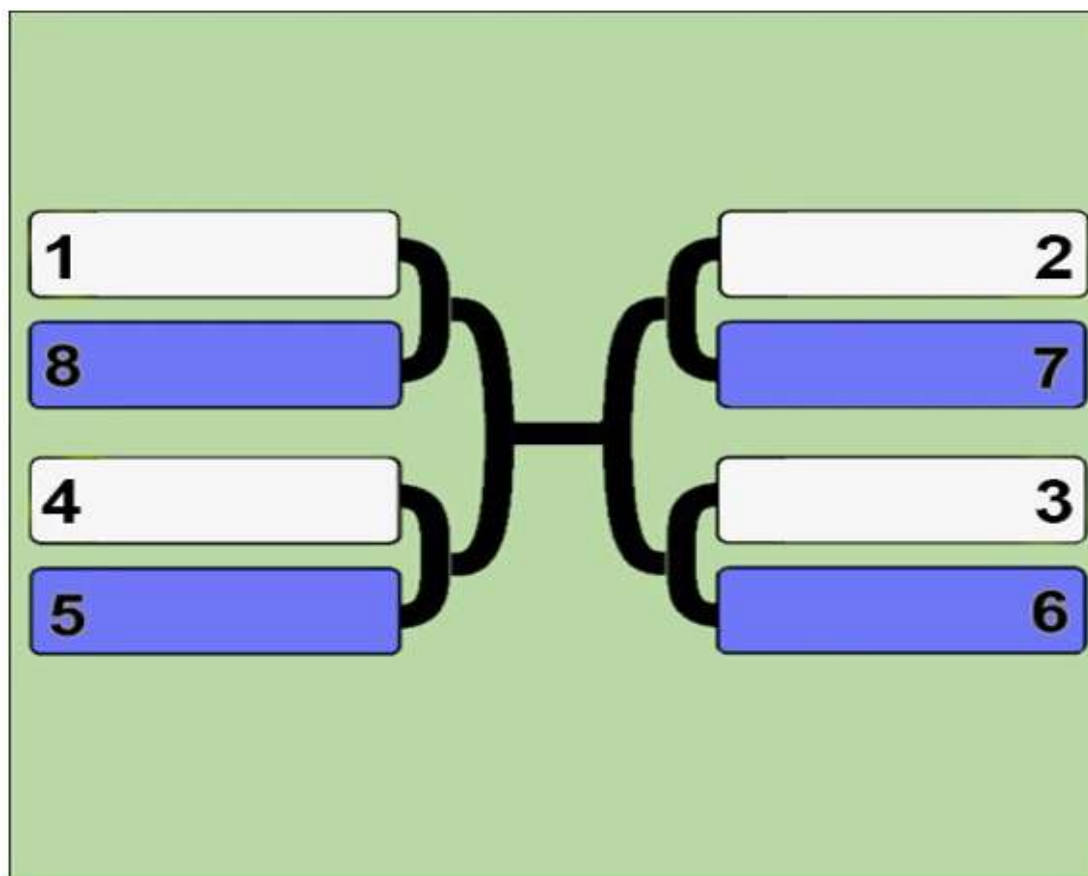

Seeded athletes are always placed in the same position on the draw sheet.

Seeding shall not be used in the Round Robin system.

Seeded athletes, when possible, do not have to compete in the first round, and may have a rest depending on the programme.
